

Dental Technician Alliance News October 2006

In 2006 the Dental Technician Alliance began working to strengthen the Alliance mission and increase exposure in the prosthodontic community.

Some highlights include:

- Welcomed ACP Director of Membership Services and Outreach Carla Baker in February
- Attended LMT's Lab Day in Chicago in February and distributed ACP literature and membership applications
- Held regular conference calls of the Alliance Technician Task Force to plan programming and goals for year ahead
- Initiated developing a survey for the CDT's to determine future goals and to assess their needs as members of the College
- Initiated developing a new Dental Technician Alliance brochure and application
