

2019 FALL MEETING | SEPTEMBER 12, 2019 6PM
MICHIGAN SECTION OF THE AMERICAN COLLEGE OF PROSTHODONTISTS

“The Keys to Success in the Prevention and Treatment of Peri-Implantitis”

Presented By: Suncica Travan DDS, MS

Dr. Travan is a Clinical Assistant Professor at the University of Michigan School of Dentistry in the department of Periodontics and Oral Medicine. She is a Diplomate of the American Board of Periodontology and Fellow of the International Congress of Oral Implantologists. Her specialty and interests are in implant dentistry and regenerative medicine including hard and soft tissue regeneration and stem cell therapy. Dr. Travan is active in clinical research and has worked to develop novel techniques in implant and periodontal therapy. She has published several scientific papers in peer-reviewed journals as well as received numerous awards and prestigious Fellowships in her field. Dr. Travan serves as the current President of the Russel W. Bunting Periodontal Society. We are honored to have her as a speaker!
