Bridging the Gap Between Virtual & Clinical Dentistry

presented by Bart Silverman, DMD, PC

hosted by American College of Prosthodontists: Georgia Chapter

Thursday, March 31, 2016 • 3 CE credit hours

COURSE DESCRIPTION

Implant dentistry technology is evolving at an incredible pace. This presentation will provide an update on current digital workflow and how it can help eliminate complications and further improve success rates. From CBCT to treatment planning software, surgical guide fabrication, implant guided surgery and intraoral scanning, this course will help bridge the gap between virtual and clinical dentistry.

LEARNING OBJECTIVES

• incorporating CBCT technology into implant treatment planning
• using digital impression systems for final implant restoration
• merging information from both digital systems for surgical guide production and immediate temporary restoration fabrication
• using a digital workflow to clearly communicate between surgical, restorative and laboratory clinicians
• incorporating digital impressions with scan bodies for custom abutments as an alternative to screw retained prosthesis
• achieving more predictable results regarding esthetics, function and cost on future implant cases through guided surgery

Bart Silverman, DMD, PC

Dr. Silverman is in private practice limited to Oral and Maxillofacial Surgery in New City, NY, and is an attending Physician at Westchester County Medical Center, Department of Dentistry. He is also a Clinical Associate Professor at New York Medical College. He lectures nationally on several different implant systems and is President of the Bi-State and Hudson River Implant Study Clubs. He is a past president of the Rockland County Dental Society and previously served on the Board of Governors of the Ninth District Dental Society. Dr. Silverman graduated from Fairleigh Dickinson University in 1982 Summa Cum Laude and received his doctorate in Dental Medicine in 1986 from Fairleigh Dickinson University School of Dentistry, where he was a member of the Omicron Kappa Upsilon Honor Society. He completed his Oral and Maxillofacial Surgical residency at Westchester County Medical Center in 1989 and was Chief Resident during his final year. Dr. Silverman is currently a Diplomate of the American Board of Oral and Maxillofacial Surgery.
