

## National Prosthodontics Awareness Week

 **April 21–25, 2025**

 **12:00 – 12:50 PM Daily**

 **University of Kentucky College of Dentistry**

Join us for an exciting week of insightful discussions and cutting-edge advancements in prosthodontics! The University of Kentucky College of Dentistry invites faculty, staff, residents, and students to explore the evolving role of prosthodontics in modern dentistry.

Each session will provide valuable insights into groundbreaking research, digital innovations, and clinical applications that shape patient care and dental education. Attendees will have the opportunity to engage with leading experts in the field and discover how prosthodontics influences every aspect of dentistry—from AI-driven implant planning to digital dentures and interdisciplinary collaboration.

### Why Attend?

- ✓ Expand your knowledge of emerging prosthodontic techniques
- ✓ Earn CE credits for four sessions (Monday, Tuesday, Wednesday, and Friday)
- ✓ Gain insights into the evolving role of prosthodontics in education and clinical practice
- ✓ Network with faculty, residents, and students
- ✓ Enjoy a complimentary lunch (for pre-registered attendees only — please note that beverages will not be provided; we kindly ask that you bring your own)

### Session Topics & Speakers

- **Monday, April 21 – *AI in Implant Dentistry (0.75 CEU)***
  - Speaker: Dr. Ahmad Kutkut, Division Chief of Prosthodontics
- **Tuesday, April 22 – *Shaping the Future: Fresh Insights into Digital Dentures (0.75 CEU)***
  - Speaker: Dr. Samela Thais de Paula Lima Pereira, Assistant Professor
- **Wednesday, April 23 – *Exploring the Reach and Power of Prosthodontics (0.75 CEU)***
  - Speaker: Dr. Celin Arce, Board-Certified Prosthodontist & Assistant Professor
- **Thursday, April 24 – *Prosthodontics: Bridging Dentistry and Materials Science (No CE Credit)***
  - Speaker: Lillian Jones, D1 Student & President of the Student Prosthodontics Study Club
  - This is a unique opportunity to hear directly from a dental student passionate about the future of prosthodontics. Lillian will discuss the role of prosthodontics in education and present research on Zirconia as a dental implant material.
- **Friday, April 25 – *Bridging the Gap: Remote Area Medical & UK's Digital Denture Initiative (0.75 CEU)***
  - Speaker: Dr. Rodrigo Fuentealba, Assistant Professor
