DIGITAL DENTISTRY:
From Application to Integration

Clinical workflows from design to delivery
Complex reconstruction & restoration
Breakout sessions for new, experienced & advanced users

During the Midwinter Meeting of the Chicago Dental Society
FEB. 20-21, 2018 | CHICAGO
REGISTER AT PROSTHODONTICS.ORG

Continuing Education Credit

The American College of Prosthodontists is an ADA-CERP Recognized Provider. ADA-CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA-CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The American College of Prosthodontists designates this activity for 10.5 continuing education credits.

The American College of Prosthodontists is designated as an approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 11/1/2014 to 10/31/2018. Provider ID#: 214690

Cancellation Policy, Program Disclaimer & Code of Conduct

All cancellations are subject to a $50 processing fee. Full refunds for registration minus the $50 processing fee will be given only if written notice of cancellation is received 30 days prior to the course. A 50% refund will be given if written notice is after 30 days, up until one week prior to the course. No refunds will be given within one week prior to a course. Therefore “no shows” will not be eligible for a refund. Notice of cancellation should be made in writing and sent to the ACP by email to education@prosthodontics.org or by fax to (312) 573-1257.

All programs and events are subject to change and/or cancellation because of scheduling conflicts, low registration, and/or circumstances beyond the control of the ACP. The ACP is not responsible for travel expenses or penalties under any circumstances.

In the event of a cancellation by the ACP, all registrants will receive a full refund of any registration fees paid. In the event of a program cancellation the course, attendees agree to allow photographing, videotaping, audio-taping, or webcasting and for their image to be used by the ACP in association publications, on the ACP’s website, and in marketing and promotional materials.

The ACP is dedicated to providing a safe, harassment-free, and inclusive meeting experience for all participants. Participants in ACP meetings include members, registrants, guests, staff, speakers, sponsors, exhibitors, and Board members. The ACP does not tolerate harassment of meeting participants in any form. Any violations will be taken seriously and handled in accordance with the ACP’s code of conduct policy, which is posted at Prosthodontics.org.
This symposium is designed for dental professionals who are interested in state-of-the-art digital solutions for the treatment of restorative patients. Through the combination of improved efficiency and collaboration with extraordinary clinical and esthetic results, CAD/CAM technology has revolutionized the art and science of dentistry.

Whether you are considering investing in digital technology for your practice or would like to get more out of the digital systems you already have in place, this symposium will enhance your capabilities and position you to lead the future of integrated patient care.

Learning Objectives
At the conclusion of this course, participants will:
• Become familiar with the technology that is available and how it can be applied in clinical practice.
• Understand how to integrate digital workflows to optimize patient care.
• Discuss best practices for the use of digital technology from individual restorations to complex rehabilitations.

Target Audience
Prosthodontists, residents, dental students, dental laboratory technicians, and dental professionals with an interest in digital technology.

Tuesday, Feb. 20

This interactive hands-on course is ideal for all members of the digital team, whether you are seeking to integrate new technology in your practice or you are successfully using intraoral scanning in the office. Learn how to blend traditional techniques with digital advances focusing on occlusion, virtual smile design, and unique tools for digital workflows.

**Fee:** $99

Cancellation Policy, Program Disclaimer & Code of Conduct

All cancellations are subject to a $50 processing fee.

Full refunds for registration minus the $50 processing fee will be given only if written notice of cancellation is received 30 days prior to the course. A 50% refund will be given if written notice is after 30 days, up until one week prior to the course. No refunds will be given within one week prior to the course, therefore “no shows” will not be eligible for a refund. Notice of cancellation should be made in writing and sent to the ACP by email to education@prosthodontics.org or fax to (312) 573-1257.

All programs and events are subject to change and/or cancellation because of scheduling conflicts, low registration, and/or circumstances beyond the control of the ACP. The ACP is not responsible for travel expenses or penalties under any circumstances.

In the event of a cancellation by the ACP, all registrants will receive a full refund of any registration fees paid. In case of cancellation during the course, attendees agree to allow photographing, videotaping, audio-taping, or webcasting and for their image to be used by the ACP in association publications, on the ACP website, and in marketing and promotional materials.

The ACP is dedicated to providing a safe, harassment-free, and inclusive meeting experience for all participants. Participants in ACP meetings include members, registrants, guests, staff, speakers, sponsors, exhibitors, and Board members. The ACP does not tolerate harassment of meeting participants in any form. Any violations will be taken seriously and handled in accordance with the ACP’s code of conduct policy, which is posted at Prosthodontics.org.
