ACP Resident and New Prosthodontist Mentoring Center

Jessica Canallatos, DDS, MS is a prosthodontist specializing in craniofacial and maxillofacial prosthetics, with focused expertise in presurgical infant orthopedics and comprehensive rehabilitation of patients with congenital craniofacial differences. She serves as the first prosthodontist employed by Golisano Children's Hospital and its Craniofacial Team, where she has established prosthodontic care within a multidisciplinary pediatric craniofacial program and expanded the role of the specialty in hospital-based care. She also works part-time in a traditional prosthodontic private practice.

Dr. Canallatos earned her DDS from the University at Buffalo School of Dental Medicine and completed specialty training in Prosthodontics and a Master of Science at West Virginia University School of Dentistry. She has pursued advanced training in Nasoalveolar Molding and integrates digital workflows, including intraoral scanning and 3D printing, to improve efficiency, safety, and access in infant prosthetic care.

As the only provider of presurgical infant orthopedics in the Buffalo region, she addresses a critical gap in access to care for infants with cleft and craniofacial conditions. She is a strong advocate for the role of prosthodontists within craniofacial teams and works to advance interdisciplinary understanding and integration of the specialty in comprehensive treatment planning.

Dr. Canallatos has been recognized with the Young Professional Service Award from the American Cleft Palate-Craniofacial Association and has contributed to the prosthodontic literature through publication in the Journal of Prosthodontics. She is also the recipient of the 2026 Dedication to Service Award through the American College of Prosthodontists.

ACP Resident and New Prosthodontist Mentoring Center

Bright Chang, DMD, MS, FACP is a board-certified prosthodontist and Diplomate of the American Board of Prosthodontics. He earned his Doctor of Dental Medicine degree, Master of Science degree, and certificate in Prosthodontics from the University of Alabama at Birmingham (UAB) School of Dentistry, where he served as Chief Resident.

Dr. Chang has practiced in fee-for-service private practices in Maine and Georgia, focusing on comprehensive oral rehabilitation, implant prosthodontics, esthetic dentistry, and management of complex restorative cases. In addition to private practice, he is actively involved in dental education as an Adjunct Assistant Clinical Professor at UAB School of Dentistry and previously at University of New England School of Dentistry and the Dental College of Georgia. He also lectures on prosthodontic topics and participates in organized dentistry through the American College of Prosthodontists.

Having experienced the challenges of transitioning from residency into private practice, pursuing board certification, and balancing clinical practice with academic interests, Dr. Chang enjoys helping residents and early-career prosthodontists navigate their professional journeys. He welcomes conversations about career opportunities, private practice, clinical development, board certification, and finding a fulfilling career in prosthodontics.

Outside of dentistry, he enjoys traveling, photography, exploring new cuisines, and playing tennis.

ACP Resident and New Prosthodontist Mentoring Center

Lieutenant Colonel Steven Handel DMD, FACP, FAGD, FAAMP is a board-certified prosthodontist and Assistant Program Director of the U.S. Army Advanced Education Program in Prosthodontics at Fort Gordon, Georgia, where he is also an Associate Professor at the Uniformed Services University. He is a Diplomate of both the American Board of Prosthodontics and the American Board of Dental Sleep Medicine, and he completed a fellowship in Maxillofacial Prosthetics with the U.S. Air Force.

He earned his DMD summa cum laude from Temple University. Over 14 years of Army service, he has led prosthodontic departments in Germany and Texas. He also built the prosthodontic curriculum for a new Army AEGD residency, which earned CODA accreditation with no negative findings.

Dr. Handel has been inducted into the Order of Military Medical Merit and holds the Army's "A" Proficiency Designator, its highest recognition of professional excellence in a medical specialty. He graduated with honors from the Command and General Staff College. His decorations include the Meritorious Service Medal, the Army Commendation Medal and the Army Achievement Medal. He has also earned the Air Assault Badge and the Holland Four Day Cross, which he received for marching more than 100 miles in four days in the Netherlands.

Dr. Handel has written 30 peer-reviewed publications, most of them in prosthodontics' leading journals. Eight appeared in the Journal of Prosthodontics, the official journal of the American College of Prosthodontists, where he now serves as an Associate Editor. Others appeared in the Journal of Prosthetic Dentistry. He has filed nine provisional patent applications across numerous areas of prosthodontics. He has given more than 50 lectures on topics including the worn dentition, esthetics, clinical photography, maxillofacial prosthetics and dental sleep medicine. He has directed or advised more than 20 resident research theses.
