- 18** 2009 Statement of Financial Position

Letter from the ACP President

Dear Colleagues,

I want to express my appreciation for the opportunity to be of service. My year as president was a time of great personal and professional growth. I have enjoyed working with an exceptional Central Office staff and outstanding Board of Directors. With the help of many members, a number of programs have been initiated or completed such as:

- Debut of Prosthopedia® (the ACP online digital resource library for members);
- Completion of *Color and Shade Selection* DVD;
- Development of a guide for institutions that want to start a new Advanced Education Program in Prosthodontics;
- Creation of a Task Force on Surgical Prosthodontics to develop a strategy and options for enhanced ACP support of prosthodontists who perform surgical procedures;
- Launch of Social Media outlets for the ACP including Facebook and Twitter, with daily updates for public and patients and members;
- Approval of a position paper *Care of Edentulous and Partially Edentulous Patients* was approved;
- Release of new patient education brochures for prosthodontic offices (TMJ, Oral Cancer and Spanish translations of the patient and referral brochures);
- Launching of National Prosthodontics Awareness Week™;
- Publication of the 2008 Prosthodontic Private Practice Survey results;
- Initiation of integrated marketing and communications plans;
- Meeting budget goals during an economically challenging time; and
- Development of the Clinical Evaluators' Network.

However, these advancements are not what really count. In a presentation for a Whitecoat Ceremony, Dr. William Ten Pas, Past President of the American Dental Association, made a profound statement. He said, "It's not what you have done up to this point that counts since that is history; it's what you are now going to do that counts." This statement is true for all of us and also for the ACP. With the upcoming succession of exceptional leaders and the quality of the Central Office personnel, I know even greater accomplishments will occur as together we continue to strengthen the leadership role of prosthodontists in practice, education and public/professional service. Thank you again for the privilege of service.

A handwritten signature in black ink that reads "Charles J. Goodacre". The signature is fluid and cursive.

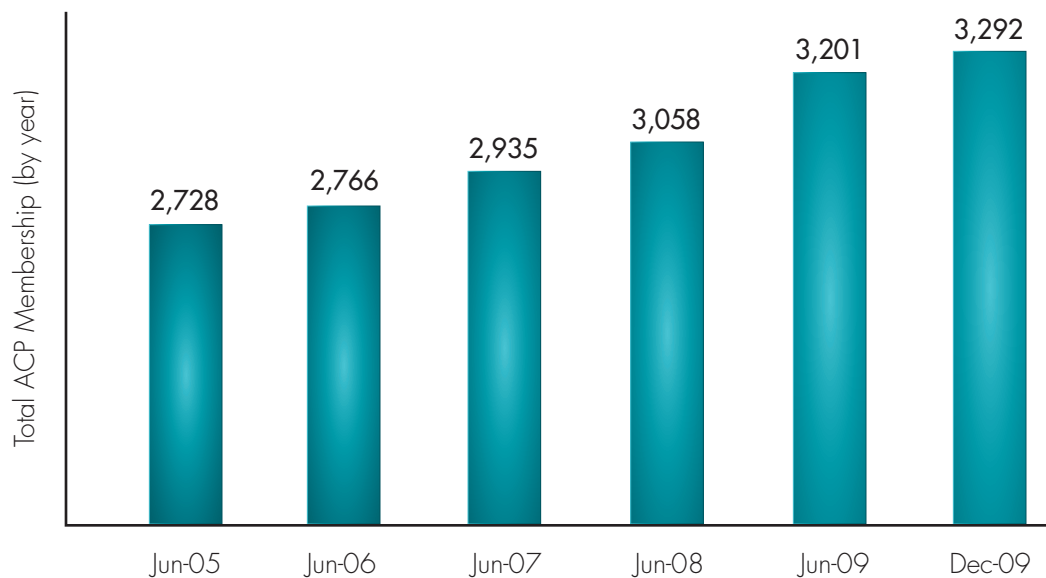

Charles J. Goodacre, D.D.S., M.S.D.

Growth of the College

In the past five years ACP membership has experienced a consistent, continued growth with an average increase of 106 new members each year. From 2004 to 2009, membership increased almost 20 percent with growth in nearly all categories expanding across the board.

American College of Prosthodontists Membership 5 Year Analysis by Member Type

	Jun-05	Jun-06	Jun-07	Jun-08	Jun-09	Dec-09
Fellow	529	528	561	550	575	581
Member	1,289	1,341	1,305	1,362	1,349	1,416

ACP Education Foundation Year in Review

The mission of the ACP Education Foundation is to secure and steward resources with the aim of advancing prosthodontics. As a catalytic agent for prosthodontics, the ACPEF provides funding to support education, research and growth of the specialty and discipline of prosthodontics.

The Foundation has established a rich history of supporting a wide variety of programs and initiatives in support of the American College of Prosthodontists and the specialty.

Growth

- Public relations outreach campaigns
- Undergraduate Student Outreach Program – American Student Dental Association activities
- ACP Student support (student scholarships, ACP membership and dues, meeting registration fees, and Annual Session attendance travel stipends)

Promoting Excellence in Prosthodontic Education

- Digital Resource Library and online curriculum development (*Prosthopedia*®)
- Combined Predoctoral and Postdoctoral Educators Meetings (2008 & 2009)
- Oral Cancer Model Education

Science, Technology and Research

- Research Symposium
- Digital Dentistry Symposium
- Research Support – Research Scholarships and Sharpy competition

Capital Campaign

The Vision 2012 capital campaign was officially closed in 2009 with some great news. A gift from BioHorizons was finalized in December of 2009. BioHorizons has pledged \$100,000 during the next five years. The Vision 2012 campaign exceeded the original goal of \$4 million and current pledges total in excess of \$5.2 million with payments in excess of \$2 million received to date.

Annual Appeal

As Vision 2012 closed, the ACPEF refocused its fund raising efforts on the Annual Appeal. Sincere thanks on behalf of the Foundation to Dr. Greg Guichet who served as the 2009 Annual Appeal Chair for his efforts to build support critical to the Foundation. The Annual Appeal provides flexible funds to support projects that were not part of the deliverables of Vision 2012 Capital Campaign (e.g., National Prosthodontics Awareness Week™). In addition, they are critical to providing the support needed to run the Foundation (management expenses). The 2009 Annual Appeal raised \$156,000, which exceeded even our most ambitious projection of \$120,000.

With Gratitude

The success of Vision 2012 and the 2009 Annual Appeal is attributed to the commitment and enthusiasm of the Foundation volunteers and Board of Directors whose leadership impacted ACP members, ACP Sections including California, Georgia, Michigan, North Carolina, Oklahoma and Pennsylvania, corporate donors and other groups such as the Friends of Charlie Goodacre, the American Academy of Maxillofacial Prosthetics, the American Academy of Maxillofacial Prosthetics Foundation, the Northeastern Gnathological Society, Harvard School of Dental Medicine and Loma Linda University School of Dentistry that contributed to the Foundation in 2009. Together donations from these individuals and groups supported numerous programs for the benefit of the Foundation, College and the specialty in 2009, many of which are highlighted on the next page.

We appreciate your generous support in 2009 and look forward to continued success with you in reaching our goal to advance our specialty of prosthodontics in 2010 and beyond.

By Stephen D. Campbell, D.D.S., M.M.Sc. ACP Education Foundation Chair

A handwritten signature in black ink that reads "Stephen D. Campbell". The signature is fluid and cursive, with the first name being the most prominent.

ACPEF Donor Contributions in 2009:

- Supported more than 600 residents with ACP student membership.
- Sponsored more than 300 ACP Student members' attendance at the 2009 ACP Annual Session, including registration fees and a partial stipend to defray travel expenses.
- Continued and increased funding of the digital resource library – *Prosthopedia*®. Serving as a critical educational resource for all practitioners and educators by providing educational programs, model content, and materials (digital photos, videos, presentations) critical to assembling a lecture, course and an entire curriculum.
- Developed Oral Cancer Model Education – supported the updating of the model educational program for oral cancer screening created in 2008, which was distributed to all 2008 Annual Session attendees. Supported the modification of the educational content for posting on *Prosthopedia*® and sharing with all prosthodontic educators.
- Hosted a meeting of the Prosthodontic Program Directors in 2009 to help establish a forward-looking specialty and accreditation standards that promote the continued growth of the specialty and programs.
- Supported 2009 Combined Educators Meeting. A gathering of predoctoral and advanced program educators to focus on creating excellence in prosthodontic education. Outcomes included major recommendations to the Commission on Dental Accreditation in regards to predoctoral and advanced prosthodontic accreditation standards, as well as providing educational content for the teaching of evidence-based dentistry.
- Provided support for a campaign to work with the American Student Dental Association as part of an initiative to attract the best and brightest of undergraduate dental students to prosthodontic specialty careers.
- Supported National Prosthodontists Awareness Week™ (NPAW™), March 7-13, 2010. Provided resources for an organized program to work with members and ACP Sections to promote the specialty, discipline and patient awareness.
- Provided New Program Development Cultivation and Support – Support to establish new Prosthodontic Programs for some of the dental educational institutions that presently have no Advanced Prosthodontic Program.
- Funded prosthodontic-related research through the ACP Research Fellowship program, the John J. Sharry Awards Competition and Table Clinics.
- Supported prosthodontists as a key leadership/opinion resource as part of the ACP's Clinical Evaluators Network (CEN).
- Continued significant contributions and ongoing commitment to the Foundations endowment, which exceeds \$1.5 million.
- Committed to supporting the 2011 Digital Dentistry Symposium.
- Provided extensive ACPEF Donor Recognition and supported a successful 2009 Annual Appeal that exceeded our goals, including the Friends of Charlie Goodacre Appeal.

To learn more about other Foundation activities and accomplishments prior to 2009, please visit the ACP Education Foundation website at www.acpef.org.
