BALTIMORE –The American College of Prosthodontists presents the Distinguished Service Award to Dr. Gary Goldstein during the ACP 42<sup>nd</sup> Annual Session in Baltimore. This award recognizes Dr. Goldstein’s contributions to the welfare and advancement of the College or prosthodontics; his outstanding contributions to dentistry; his exceptional service to the College; his advances to the sciences or health professions; and for displaying the characteristics of a true humanitarian.

Dr. Goldstein is a Professor in the Department of Prosthodontics at New York University College of Dentistry and former Director of the Advanced Education Program in Prosthodontics. He is the proud recipient of 6 teaching awards at NYU. A Diplomate of the American Board of Prosthodontics, he is also a Distinguished Practitioner in the National Academy of Practices, a Fellow of: The Academy of Prosthodontics (Past President), The Greater New York Academy of Prosthodontics (Past President), The American College of Prosthodontists (Board of Directors 2004-2008, Past President - NY Section), and The American College of Dentists. He is also Past President of The American Prosthodontic Society, Omega Chapter of Omicron Kappa Upsilon and the NYU College of Dentistry Alumni Association and former Chair of the Prosthodontic Forum (2004-2008). Currently, he is Associate Editor of *The International Journal of Prosthodontics* and a member of the Editorial Review Board of *The Journal of Prosthetic Dentistry*. Dr. Goldstein has published and lectured extensively and maintains a private practice limited to prosthodontics in New York City.

Dr. Goldstein will receive his award at this year’s 42<sup>nd</sup> Annual Session being held in Baltimore on Oct. 31 to Nov. 3. More than 1,000 dental professionals are expected to attend, which includes prosthodontists, dental technicians, and other dental industry authorities and guests. Annual Session topics include: new developments in CAD/CAM technology and high-strength ceramics; creating affordable dental health opportunities; understanding the shift toward precision medicine in dentistry; the use of digital imaging; sleep apnea management; the role of clinical psychology in prosthodontic practice; recreating nature: the harmony of function and esthetics with digital technology; and a proactive team approach to avoid pitfalls with the cost-effective All-on-4 Concept.

Prosthodontists are specialized dentists with advanced training in oral health issues, who are committed to improving patient results. From implants, crowns, veneers and tooth whitening, to full-mouth reconstruction, prosthodontists are specialists in digital dentistry and CAD/CAM solutions.

The ACP is the only prosthodontic specialty organization whose membership is based solely on education credentials. ACP members must be in or have completed an ADA-accredited advanced education program in prosthodontics.

###

*The American College of Prosthodontists is the professional association of dentists with advanced specialty training dedicated to optimal oral health both in function and appearance including dental implants, crowns, veneers, dentures, and teeth whitening.
