

## **Speaker Disclosures**

### **Disclosures of Significant Relationships with Relevant Commercial Companies/Organizations**

As required by the Continuing Education Recognition Program (CERP) under the auspices of the American Dental Association and in accordance with the American College of Prosthodontists policy, every effort has been made to encourage faculty to disclose any commercial relationships or personal benefit, which may be associated with their presentations. This disclosure in no way implies that the information presented is biased or of lesser quality. Attendees of this meeting should be aware of these factors in interpreting the program contents and evaluating recommendations. Moreover, views of faculty do not necessarily reflect the opinions of the American College of Prosthodontists.
