The American College of Prosthodontists (ACP) requests that all speakers shall disclose any affiliation with and financial interest in a company or a product related to the subject matter of the presentation as a part of the Speaker's Agreement. The intent of this policy is not to prevent a speaker with an affiliation or financial interest from making a presentation but any potential conflict must be identified openly so that the attendees have the full disclosure of the facts and may form their own judgments about the presentation. Disclosure information will be shared with the attendees to gain perspective on the educational merits of the presentation.

Views expressed by the presenters at the ACP Annual Session are solely their own and do not necessarily reflect the positions or policies of the ACP. The ACP reserves the right to cancel or modify its program as circumstances might dictate.
