**Dr. Stephen A. Wagner Awarded with Private Practice Award for Rockies/Plains Region 4
By the American College of Prosthodontists**

CHICAGO — Stephen A. Wagner, DDS, FACP, was honored with the private practice award for Rockies/Plain region 4 by the American College of Prosthodontists (ACP). Dr. Wagner was honored at the Annual Awards & Presidents Dinner during the 44th Annual Session of the American College of Prosthodontists in New Orleans from Nov. 5-8, 2014.

Dr. Wagner is a well-respected and highly praised Prosthodontic professional by his colleagues, students, and patients. In fact, Dr. Wagner has been elected by ACP Members to serve on the Board of Directors as Director of Private Practice and Patient Care for a 3-year term effective Nov. 7, 2014.

“The whole dental experience with Dr. Wagner was a miracle to me. I will be 80 this year and he gave me back my 24-year-old smile, and he did it in a pleasant, peaceful, kind way,” said patient Nancy Terry. Along with providing exceptional patient care, Dr. Wagner is an innovator who has made great strides in helping the general prosthodontic specialty.

“He invented the Wagner Universal impression tray out of his desire to streamline and facilitate the denture-making process. He wants to help clinicians everywhere get better, faster impressions for their denture patients so that they can be proud of the results they are able to achieve,” said Diana Ulrickson, DDS.

Created in 2013, the Private Practice Award may be given annually to up to five individual Prosthodontists (one per ACP Region). These individuals must have made outstanding contributions to the advancement of the prosthodontic specialty and the role that the Prosthodontist in private practice plays in advancing the patient’s quality of life.

Prosthodontists are specialized dentists with advanced training in oral health issues, who are committed to improving patient outcomes. From implants, crowns, veneers and tooth whitening, to full-mouth reconstruction, Prosthodontists specialize in digital dentistry and CAD/CAM solutions.

About the ACP

The American College of Prosthodontists (ACP) is the official sponsoring organization for the specialty of prosthodontics, which is one of nine recognized specialties of the American Dental Association. Founded in 1970, ACP is a not-for-profit organization dedicated to enhancing patient care, advancing the art and science of prosthodontics, promoting the specialty of prosthodontics to the public and other dentists and healthcare professionals, ensuring the quality of prosthodontic education, and providing professional services to its membership. Visit GoToAPro.org to learn more. [National Prosthodontics Awareness Week \(NPAW\)](#) is April 12-18, 2015. NPAW promotes public awareness about the critical importance of a healthy mouth and why Prosthodontists bring patients optimal oral health.
