

Summary of Benefits

- **Journal of Prosthodontics (JOP) Subscription** The *JOP* is the official scholarly journal of the ACP and it serves both researchers and practicing clinicians by providing a forum for the presentation and discussion of evidence-based prosthodontic research, techniques, and procedures. Membership also includes digital access to the entire *JOP* library.
- **Prosthodontics.org** With a responsive design for desktops, laptops, tablets, and mobile devices, the new ACP member website was designed in consultation with prosthodontists to reflect the needs and priorities of members throughout the specialty. Whether you're browsing on a desktop or laptop, a phone, or an iPad, prosthodontics.org will adapt to your device, with an interface that has been touch-optimized to meet the latest trends in computing.
- **GoToAPro.org** The ACP's online consumer dental resource contains frequently asked dental questions and answers, symptoms and treatment options and "before and after" photos.
- **Find a Prosthodontist Search** The ACP consumer website's search engine provides in-depth information for patients searching the Internet for crowns, dentures, implants, digital dentistry or other key words related to prosthodontic procedures. Dental Professionals may now search for a prosthodontist in their area for referrals and consultations. The *Find a Prosthodontist* search engine provides easy access to a multitude of search criteria designed to help find the right prosthodontist.
- **Find a Dental Technician Search** The ACP website's search engine for dental technicians is now available to all members searching for a dental technician in their area or with the right skills to best suit their needs. Prosthodontists use this search engine to find our Dental Technician Alliance Affiliates online with current contact information.
- **Unified Representation and Advocacy Voice** The ACP advances the interests of the specialty within organized dentistry and disseminates important information about Prosthodontics to professionals and the public. The ACP is the only organization recognized by the American Dental Association to represent the specialty of Prosthodontics.
- **Continuing Education Opportunities** Members receive discounts on course registration fees for added value. As a trusted source of continuing education and an approved provider of ADA CERP, AGD PACE, and NBC, the ACP Center for Prosthodontic Education provides state-of-the-art courses in the specialty of Prosthodontics. Multiple course offerings each year provide members with the most timely, topical information in areas such as digital dentistry, implant treatment, planning, and placement, complete dentures, esthetics, comprehensive update, and more.
- **Discounted Annual Meeting Registration Fees** Each year, the ACP's Annual Session is THE premier educational and networking event for everyone interested in Prosthodontics and provides attendees with invaluable information and access to new technology.

Summary of Benefits

- **Social Networking** The ACP is staying current with all the latest marketing tools and techniques. Members have access to the ACP Social Media Toolkit which provides information for each major platform and offers comprehensive strategies to maximize the effectiveness of your practice's social media presence.
- **Prosthopedia** The authoritative resource for prosthodontics is an online library of materials showcasing procedures, clinical procedures, best practices and educational curriculum. Search by topic, by media type, by courses or by keyword to find the latest video, image, document or presentation to suit your needs.
- **ACP Messenger** The ACP's quarterly newsletter keeps members up-to date with timely material on emerging news topics.
- **Wednesday Wake-up Call (WWC)** The Wednesday Wake-up Call was developed to include the ACP and ACPEF news you need to know. This weekly publication comes in email format and contains all the latest information and events surrounding the College.
- **Corporate Affinity Discount Programs** The ACP has negotiated special relationships with programs that provide ACP members advantages and discounts on office supplies, shipping, metal refinery,
- **Member and Referral Directories** Printed and accessible online, our *Members Only* directory make it easy for members to locate each other for referring patients or finding a dental technician. The printed ACP Membership Directory offers individual member data, governance, committee structures, and College bylaws and policies, all right at your fingertips.
- **Membership Services, Outreach, and Communications** As a member, you will have access to the highly-qualified staff in our central office that puts members first, strives to exceed member expectations, and responds to member needs.
- **Diagnostic and Treatment Classification Systems** The ACP Classification Systems are an essential resource throughout the dental profession. The *Prosthodontic Diagnostic Index (PDI)* is designed to help foster an understanding between general dentists and Prosthodontists about the scope of care each can offer a patient.
- **Discounted ACP Products and Publications** From apps and books to a wide range of patient brochures, members qualify for discounted prices on education and practice resources designed exclusively for prosthodontists.
- **American Board of Prosthodontics** The ACP is the sponsoring organization of the American Board of Prosthodontics (ABP) and provides a direct referral source to our organization for information on board certification. The ACP makes additional valuable resources such as the National Prosthodontic Resident Exam available to our members seeking to prepare for the board exams.
- **Job and Career Opportunities** Members can advertise a new position, associate opening, list a practice for sale, or browse available listings in the classified ad section.
